Vivago LOCATE –GPS tracking (SMS)

Fact sheet

Vivago LOCATE is a tracking solution for outdoor use. Vivago LOCATE solution provides the location of its user for the nursing staff when there is a need to locate a person. Vivago LOCATE solution is also suitable to enhance nursing staff's safety. It can be used as a panic alarm button e.g. by home care staff.

Vivago LOCATE solution consists of LOCATE tracker, Vivago Vista software, SMS module and a smartphone or tablet for receiving alarms. The received location information can be opened in the mobile device either with the internet browser or Vivago MOBILE application. The alarm receiver can also call to the locator to find out the need of help.
